WESTCONNEX WEEKLY UPDATE 10.05.19

## STAGE 1 - M4 East

### Air quality monitoring audit published

As mentioned in the previous update, the Stage 1 contractor's air quality monitoring processes and data have been audited by an independent air quality auditor, Air Noise Environment. The results of the audit, which has been released on Local Updates, confirms that the contractor has aided by the air quality conditions as set by Condition E8 of the Stage's Instrument of Approval. The full document, "[Independent Verification: Approval Condition 8](#)," is available on Local Updates.

### Road Resurfacing – Martin Street, Haberfield

The Stage 1 contractor has given notice that, from 8 May through to 17 May, works will commence to resurface Martin Street. These works will occur from 7AM to 6PM weekdays and 8AM to 1PM Saturdays. For more information, see [Notification N397](#) (mislabelled N390f on the notice itself) at Local Updates.

## STAGE 2 – New M5

### Re-opening – Barwon Park Road at Campbell Street, St Peters

The Stage 2 contractor has announced that it will be re-opening access to Barwon Park road at its intersection with Campbell Street. The opening will commence 13<sup>th</sup> May – it will feature one-way traffic onto the road from the intersection itself, but access along the road will be two-way. For more information, see [Notification N685](#) at Local Updates.

## STAGE 3A – M4-M5 Link Tunnels

### Night works – Oversized equipment delivery – Pymont Bridge Road site, Annandale

The Stage 3A contractor has issued a notice for night works to be undertaken at the Pymont Bridge Road site in Annandale on the 14<sup>th</sup> and the 20<sup>th</sup> of May. These deliveries of oversized equipment are occurring between 12AM and 6AM to minimise their impact on traffic on the roads (due to the size of the pieces being delivered). For further information, see [Notification MT094](#) on Local Updates.

### Geotechnical Investigations – Canal Road, Leichhardt

The Stage 3A contractor has issued a notice for geotechnical survey works to be undertaken along Crown Street, St Peters, commencing 15 May 2019. These works are expected to take up to eight weeks to complete, weather and conditions permitting. Works will be conducted from 7am to 6pm weekdays and 8am to 1pm on Saturdays. For further information, see [Notification MT044A](#) on Local Updates.

### Geotechnical Investigations – Camdenville Oval, St Peters

The Stage 3A contractor has issued a notice for geotechnical survey works to be undertaken along Crown Street, St Peters, commencing 16 May 2019. These works are expected to take up to three weeks to complete, weather and conditions permitting. Works will be conducted from 7am to 6pm weekdays and 8am to 1pm on Saturdays. For further information, see [Notification MT024A](#) on Local Updates.

### Night works – G-loop on Dobroyd Parade, Haberfield

The Stage 3A contractor has issued a notice for night works to be undertaken on and along Dobroyd Parade to reinstate the G-loop, a driving and traffic area that will allow spoil-haulage trucks to turn around and access their driving routes. These works are occurring on the nights of May 16<sup>th</sup> and 17<sup>th</sup>, between 10PM and 5AM to minimise their impact on traffic on the adjacent major road. For further information, see [Notification MT089](#) on Local Updates.

### **Construction progress update – Pymont Bridge Road tunnelling site, Annandale**

The Stage 3A contractor has issued an update about the construction works to establish its tunnelling site along Pymont Bridge Road (PBR) in Annandale. For further information, see the [PBR site construction update](#) on Local Updates.
