"GET READY FOR TWO INCREDIBLE WEEKENDS AS EDGE SYDENHAM FESTIVAL FIRES UP THE INDUSTRIAL HEARTLAND OF OUR INNER WEST THROUGHOUT DAY AND NIGHT."

FUEL CREATIVITY

Across two incredible weekends

EDGE celebrates urban artists and cultural life in contemporary Sydney. Without creatives our cities are dull and lifeless. This is your invitation to discover where art is made, who is making it and why it matters.

EDGE Sydenham will fire up the industrial heartlands of the Inner West to reveal the curious and creative, the dark and daring, the experimental and exotic.

Home to generations of makers, machines and warehouses, Sydenham now buzzes with artist spaces, studios, performers and producers who invent, produce and export their creativity to the world.

EDGE pushes the boundaries... where ideas for the unknown are inspired, conceived and tested.
