

Solar Assessments - Terms and Conditions - Strata

1. You have been selected by Inner West Council to receive a free solar advisory assessment as part of Council's Go Solar program. The assessments will be performed by Council's consultant, Investment Advantaged Software Pty Limited (trading as Wattblock) (ABN 23 002 254 444 ("Wattblock")).
2. You will be contacted by Wattblock to arrange a time to visit you and conduct the assessment. Future correspondence regarding the assessment may be between yourself and Wattblock.
3. In accepting for Wattblock to undertake the assessment, you acknowledge that Council has arranged for the assessment but that Council is not performing the assessment. Council makes no warranty as to the suitability or accuracy of the assessment or any advice provided by Wattblock and Council assumes no responsibility or liability for any matters in relation to the assessment. You release Council from any liability which may arise with respect to the provision of the assessment and the use of any advice or results provided by Wattblock.
4. At the conclusion of the assessment, Wattblock will provide you with information regarding solar viability at your premises a. In undertaking these assessments, Wattblock will be relying upon information (including verbal information) provided by you. Unless otherwise expressly advised to you by Council, the scope of Wattblock's engagement with Council does not extend to independently verifying the accuracy or completeness of that information. Wattblock is not required to provide you with an editable version of any written information provided.
5. At the conclusion of the assessments outlined above, Wattblock may give you the option to engage Wattblock to provide procurement support. This support is outside the scope of Wattblock's engagement by Council and is solely at your cost and risk.
6. By accepting for an assessment to be performed, you consent to Council using your property name (if applicable), suburb and information relating to your property's solar assessment in any promotional material or reports prepared by Council in relation to this project.
7. You agree that by submitting your application for a free solar assessment you confirm that you have no actual or perceived conflict of interest with Council or any of Council's officers or employees and will immediately advise Council if any such conflict of interest arises during the performance of your assessment.

Should you have any concerns regarding the assessment or the performance of Wattblock, please contact Sonya Williams , Renewable Energy Innovation Officer, Community Sustainability on Ph 02 9392 5932 or email sonya.williams@innerwest.nsw.gov.au.
