Important Reminders

To help us all keep our communities safe, including our staff, other families and children, if your child is unwell please do not send them to the centre.

The following remains unchanged for this holiday care period

- Parents are not permitted beyond the school gate between 7am and 6pm
- An educator will be located near the gate and will sign your child in and out. They will observe them walk into the centre / leave the centre into your care.
- If the gates are locked, please call the centre.
- If your child becomes unwell, they will require immediate collection and the service will advise the procedures and requirements to return to care.
- Parents are asked to wear a mask when dropping off and collecting children
- Additional cleaning of surfaces will occur during the day.
- Activities may be substituted if there is a resource shortage from suppliers

At the time of program development and current advice

- External excursions have not been included in the program
- Children will be encouraged to play outdoors as much as possible.
- We have made changes to staff rosters asking staff to stay on site for all their breaks- limiting external contact during the day.

Allergy Aware Service

Ferncourt Vacation care is an "Allergy Aware" centre. We have children enrolled in the service that have life threatening allergies, and kindly ask that you do not provide nut or nut products in children's lunchboxes.

Food and clothing

No food is provided unless stated on the program

On hot weather days, there will be an increased likelihood for spontaneous water play

Please ensure children wear closed shoes and have their own hat & water bottle every day
