

## Pioneers Park Playground upgrade Construction notice

### Works include:

- Removal of slide and associated softfall
- Installation of new Bucket Towers multi-play unit and softfall
- Refurbishment of swings and sand pit area
- Installation of new nature play area

For more information, please see [Pioneer Memorial Park Playground | Your Say Inner West \(nsw.gov.au\)](https://www.nsw.gov.au/pioneer-memorial-park-playground-your-say-inner-west)

### When will the works finish?

Construction starts in November 2021 and is planned to complete in late December, weather permitting. This part of the playground will be closed to the public during the construction.

Council will make sure noise and disruption are kept to a minimum by enforcing hours of work from 7am-5.30pm Monday to Friday, and 7am-1pm on Saturdays. Thank you for your patience during the construction period.

**Enquiries:** Please contact Sandra Chin on 9392 5007 or email [Sandra.chin@innerwest.nsw.gov.au](mailto:Sandra.chin@innerwest.nsw.gov.au)

# TREE REMOVAL NOTICE

**Date**

1 November 2021

**Location**

Pioneers Memorial Park

**Tree species**

*Corymbia citriodora*

**Why are we removing this tree?**

This tree has been identified for removal as part of the Playground Upgrade Works due to its declining health and vigour, sparse canopy, wound at base of tree with decay present, structural fault of codominant branches in canopy with included bark increasing the likelihood of branch failure. The playground upgrade will incorporate a range of nature and imaginative play activities as requested by the community in YSIW engagement feedback. For more information go to [Pioneer Memorial Park Playground | Your Say Inner West \(nsw.gov.au\)](#)

**Replacement trees**

*7 replacement trees will be planted within the park as part of Council's Tree Planting Program in 2021.*

**Trees are good**

Trees are one of our most important natural assets and Inner West Council is committed to increasing our tree canopy with new tree plantings that will improve our urban environment. To find out more go to [www.innerwest.nsw.gov.au/trees](http://www.innerwest.nsw.gov.au/trees)

For further information please contact Council's Tree Management Officer on 9392 5632 or send an email to [council@innerwest.nsw.gov.au](mailto:council@innerwest.nsw.gov.au)
