4.1 Bruce Ashley

- Feedback on some detailed issues previously raised re in-corridor work/for Thomas Hyun:
 - Whether a response has been received from RMS on the timing of lights at Old Canterbury Rd and the use of “smart light” technology to reduce wait times?
 - The potential use of trellis or screening incorporating vegetation, e.g adjacent to the pathway at Waratah
 - The potential for use of regularly spaced marking/logo on the pathway to keep left
- GreenWay Interactive GIS – status? Is IWC awaiting any input from the Forum? (see above)
- Latest on developing a google docs format for keeping track of issues. See [latest version here](#)
- Developing some material to provide to senior staff at IWC to emphasise what is happening in the GreenWay inviting them to actively participate in GreenWay planning

4.2 Jo Blackman

- 1A Hill St – encroachment on railway land (which IWEG was hoping to extend bushcare into)
- Damage to bushcare sites by TransDev vegetation contractors
- Hercules Street triangle – possible damage to creek line
