

Title: Super pig and the Quest to find the emerald of truth

By [REDACTED]

One sunny day Super pig set off to find the emerald of truth. The Mayor of pig land asked him to go on this quest first, because he, Super pig, was the only pig with a magic cape and second, the emerald of truth granted wishes. The wish of all pigs is to eat apples and, that's right, the pigs of pig land were out of apples. First on the map was the Haunted Forest. Super pig climbed on the only boat out of pig land, travelled for three hours and was finally dropped off to the trail that led to the Haunted Forest. He pushed through the thorns and after four days made it to the other side. Then, he checked his map and next he had to travel to the Lost Lagoon. So he set off straight away.

When he got to the Lost Lagoon he put on his swimmers so he could swim across. When he reached the other side he pushed off the seaweed and dirt. Then he checked his map and next he had to go to Giant Wood. After two days he made it to Giant Wood. As he went through he had to dodge the giants that were walking past. Then, after two days he made it out of Giant Wood.

Then he checked his map and next on the long quest was crocodile creek. He made a tiny raft out of the logs on the shore and hopped on. He had to dodge a few crocodiles but eventually he reached the other side. When he checked the map he saw that next he had to go to the castle of jewels which had the Emerald of truth. So he set off and he climbed the rickety ladder that led to the shiny green gem. But when he got to the last rung on the ladder he saw a monster with sharp claws.

Super pig climbed up in to the tower and fought the monster. He was bruised and hurt when the monster fell. Even so, he grabbed the emerald and flew home using his magic cape. When super pig got home to pig land he said, friends, I got the Emerald of Truth. His friends rushed over and wished for apple trees to grow all over pig land. All around them, the trees grew and grew and their land was filled with ripe and juicy apples.
