

Writing competition

With a sprinkle of inspiration, little ideas can grow into big ideas.

Write a short story about your best idea ever.

The Malfunctioned Robot

"Have you ever wondered what will happen if a Scientist's invention went terribly wrong?" Questioned Simon. George replied, "That would be horrifying and will destroy our lab!" ~~Shout~~ This is George and Simon. Simon is twenty one years old and George is one year younger. They have been working on a secret Project of a robot that will heal and will make people warm to survive the winter.

"It's about time we try this!" Shouted George. ~~They~~ They turned it on. For two minutes nothing happened until the robot's eyes turned red and went berserk! The robot's heater made the electricity inside turn into blazing fire and the lab was sparking then Bam! The lab went on fire and Simon tried to call the firefighters but the fire was blocking the connection.

Simon's eyes found a sharp silver ~~axe~~ ^{axe} and had an idea. He jumped on the hot robot. Simon's hands got burnt and turned red. Simon held the axe and Bang! It showed the off button and with all his strength punched the button and it turned off. They ~~was~~ ^{were} thinking what just happened?
