TIMS MAGICAL BOOK

Write a short story about a wonderful and magical place.

Once upon a time in a small Portuguese town, there lived an eight-year-old boy named GABRIEL. He adored his family and spent his days exploring the countryside with a book in hand. One day, GABRIEL'S parents decided to move to Australia for better opportunities. GABRIEL felt both excited and sad to leave his family behind. The journey to Australia was long, but GABRIEL'S mother gave him a special book, "The adventures of Tim the magician." "This book will be your magic wand," she said. "Whenever you feel lonely, it will take you on a magical journey." In Australia, GABRIEL was fascinated by the endless beaches and unique wildlife. He loved the culture and friendly people, but homesickness often crept in. One quiet afternoon, GABRIEL opened his book, and a shimmering light enveloped him. He found himself in a magical land where

Tim the magician welcomed him warmly.

"Hello, GABRIEL," said Tim. "I know you miss your family, but magic can bridge to any distance." Tim waved his wand, and images of GABRIEL'S family appeared. He saw his grandparents, uncles, and cousins, all filled with warmth and love. "Thank you, Tim!" GABRIEL exclaimed, tears of joy in his eyes. "Magic is about love and memories," Tim said. "Your family is always with you, no matter how far away." GABRIEL soon adjusted to his new life. He made friends, excelled in school, and shared Portuguese culture with his classmates. Every night, he read a chapter from his magical book, feeling close to his family. One day, GABRIEL had an idea. "mom, dad, can we invite our family to visit us?"
