

Writing competition

Reading is magic and can transport you to amazing and curious places.

Write a short story about a wonderful and magical place.

Elementation

Long ago a ball of lava struck the centre of a newly discovered magical world "Elementation".

When ~~the~~ ball hit, Elementation was sliced into 43 islands. Fire, Water ^{and} Air ~~and~~ Earth, all representing different species on ~~there~~ their ~~quarters~~ third.

Fire:

The fire nation is the most dangerous conducting numerous volcanos spread across their ^{third} quarter. The Fire people are known to be able to shoot out fire with their hands and can even create a ball of magma that ~~destroyed~~ is as similar to the ball that split Elementation. Fire ^{The fire} nation only eat meat ~~as~~ such as elephant meat

Write a short story about a wonderful and magical place.

or giraffe meat.

Water:

The water nation is ~~not~~ entirely underwater, and going above water is ~~so considered~~ considered a crime. The water people have powerful legs that can swim up to the speed of 70km/h and their arms are used to navigate their location. Water people eat algae, coral and rarely shark meat. The Water nation is ~~the special~~ without a doubt the most special island because it contains the lost treasure of the ex king of Elementations "King Power". It is known to be hidden by ~~him~~ himself so that the finder of the treasure will be the next king or queen.

Air:

Writing competition

Reading is magic and can transport you to amazing and curious places.

Write a short story about a wonderful and magical place.

The Air nation entirely ~~is~~ inhabited above the Sid island. The air people can fly at a speed of 90km/h on par with a beagle or a bird that is the size of an elephant. Air people are known to be calm and relaxed but like to ^{be} vicious when hunting for prey such as airheads and beagle's. The Air people live on castles that are built to float on clouds.

Elementation is known to be 8,000,000,741 km stars away from Earth but every year it changes itself 500 stars closer. Elementation the only known world ~~that~~ that is considered "magical".
