## 4 Policy Statement

The Inner West Council recognises that access to open space for sporting and recreational use is of strategic importance to residents who live, work and play in the Inner West. Access to sporting grounds, which provide for a diverse range of recreational opportunities, is important in contributing to a healthy Inner West.

The Sporting Grounds Allocation Policy establishes the eligibility and selection criteria to be applied when allocating use of Council's sports grounds and facilities to sporting clubs, state sporting associations, schools, tertiary education providers and commercial providers within the Inner West Council Local Government Area.

Council allocates sporting grounds on a seasonal and casual basis. Council will endeavour to accommodate seasonal and casual allocations, within the number of sporting grounds available and taking into consideration the long-term whole-of-life cost of the assets including depreciation and maintenance.

Groups of people or communities who face barriers to participation. This includes, but is not limited to, girls & women, people with disabilities, seniors, LGBTIQ+ community, First Nations peoples, people with social disadvantage and people from culturally and linguistically diverse backgrounds. The communities of underrepresented will vary from sport to sport and club to club. Reducing barriers to participation aims to increase accessibility and inclusiveness of organisations.

## 5 Policy

### 5.1 Policy Principles

This Sporting Grounds Allocation Policy has been developed in accordance with the following principles:

- Transparent
- Equitable
- Consistent

These principles were discussed with the Inner West sporting clubs and associations in the development of this Policy.

## **5.2 Hierarchy of Use**

Council staff will utilise the following hierarchy to prioritise the allocation of sporting grounds:

1. Community based sporting club's located in the Inner West Council (IWC) LGA for training or games
2. Sporting associations that provide competitions for local IWC clubs
3. Council events and events formally endorsed by Council
4. Inner West public schools sporting programs and physical education classes
5. Tertiary education providers
6. Inner West private schools sporting programs and physical education classes
7. Community based organisations and providers
8. Commercial organisations

## **5.3 Allocation Types**

Council offers the following types of allocations for the use of sporting grounds and their associated facilities:

- Winter Season Allocation
- Summer Season Allocation
- Preseason Allocation (subject to availability)
- Casual Allocation (subject to availability)
- School Allocation

## **5.4 Applicant Eligibility Criteria**

To be eligible to submit an application for a sporting ground and associated facilities, applicants must satisfy the following criteria:

- Submit to Council the completed and accurate allocation application form/s by the advertised closing date
- Provide documented evidence that the majority of membership resides within the Inner West Council local government area
- Have no outstanding debt with Council
- Provide a Certificate of Currency for public liability insurance of a minimum of \$20 million. The policy must indicate that Inner West Council is noted as an Interested Party (Principal Indemnity Endorsement), and that the Business Activity shown on the Certificate of Currency must be appropriate and include functions such as organising and running a sporting event or sporting club or state sporting association

- Provide a copy of the applicant’s annual report, including the financial report;
- Failure to submit the above by the advertised due date will result in the application being assessed after all other applications submitted on time. This could result in reduced allocations based on what remains available.

**5.5 Selection Criteria**

The applicant must satisfy the Eligibility Criteria outlined in 5.4 Applicant Eligibility Criteria. Once this is satisfied, Council will review allocation requests for sporting grounds sequentially as follows:

1. The hierarchy in 5.2 Hierarchy of Use will be utilised.
2. Where only one applicant is requesting access to a suitable sporting ground, in general this will be made available to them.
3. Council accepts that hirers require reasonable assurance that they will continue to be allocated seasonal use of sporting grounds to plan and manage their strategic plans effectively. Where a hirer continues to demonstrate membership numbers, Council will not unreasonably refuse to provide an allocation, consistent with the previous season’s allocations.
4. Hirers may request additional allocations. From year-to-year, Council will not generally approve an hirer *substantially* increasing their allocation. The purpose of this condition is to help ensure diversity of sporting code access.
5. Council encourages applicants to collaborate with each other. Should two or more applicants put forward a proposed sharing arrangement of a sporting ground, Council will give this favourable consideration.
6. Council staff will attempt to resolve conflicting requests through mutual agreement between applicants.

Where Council cannot resolve the conflicting request through mutual agreement, applicants will be assessed against the weighted criteria outlined below. At this stage applicants must submit an appeal that addresses the following criteria.

### ***School and Tertiary Organisation Selection Criteria***

Council will review allocation requests for sporting grounds from school and tertiary organisations as follows:

- Priority will be given to schools and tertiary organisations as outlined in 6.2 Hierarchy of Use
- Priority will then be given to schools and tertiary organisations in accordance with the following hierarchy (in order):
  1. No available grounds within the school/ tertiary organisation
  2. Limited available grounds within the school/ tertiary organisation
  3. Substantial available grounds within the school/ tertiary organisation

## 5.6 Allocation Process & Determination

The allocation process is undertaken as follows:

1. Staff will advertise for Expressions of Interest and distribute, upon request, the Expression of Interest (EOI) Forms for the summer season in June and for the winter season in November. It is the responsibility of the hirer to ensure that EIO forms are requested and received.
2. A due date is set each season for applications. The due date will be stated on the application. Late applications will not be considered
3. Council will issue invoices for fees and charges seasonal allocations one month after the commencement of the respective sporting season. Council will not deduct fees for wet weather.
4. At the start of each season, the seasonal allocations, including the relevant hirer, will be published on Council’s website

EOIs are only allocated for one season (i.e.) they may not overlap winter and summer season and they cannot be booked in advance.

Council acknowledges that all sporting codes are subject to season overlap of seasonal allocation dates. Winter sports may commence pre-season training and trial games in March if sports such as cricket and baseball do not need to use their allocated sporting ground for training or finals games. This can be negotiated with Council and the individual clubs that share a ground in different seasons. Similarly, access to the grounds for special competitions (e.g. Champion of Champions) will be negotiated on an as needs basis. All clubs in both seasons are asked to advise Council if a ground can be handed back earlier for the seasonal sporting ground changeover (e.g.) goal posts out and cricket wicket preparation.

Generally, Summer Season allocation process will commence in June and be completed before the end of August and the Winter Season allocation process will commence in November and completed before the end of February.

Applicants are allocated grounds for the fixed summer or winter season only. All applicants are required to notify Council's Parks Planning and Engagement team two weeks prior to the season completion advising if sporting grounds are not required for finals. Subject to maintenance requirements, Council may permit the hirer in the following season to start training earlier. Council may allow hirers to utilise the sporting grounds for out of season use if there are grounds available.

Sporting grounds will be rested on Mondays, except for those listed in the below table

## 5.7 Sporting Ground Rest Periods

Sporting grounds will be managed to maximise long term usage and minimise overuse. Council will restrict sporting ground use in order to maintain safe playing surface conditions and minimise damage.

All sporting grounds will be rested (not utilised) for a minimum of one week between the summer to winter season and a minimum two weeks between winter and summer season. This may change annually if longer rest periods are required.

Council will advise the hirers at the start of the season, the week(s) that the sporting grounds cannot be utilised.

It is critical for sporting ground longevity throughout a season that there is no organised sporting use on a Monday

### **5.8 Fees and Charges**

The seasonal allocation of sporting grounds to hirers is subject to the payment of the relevant fees and charges. These fees and charges are updated annually and are advertised on Council's website.

### **5.9 Grant Funding Submissions**

If requested by the Clubs, Council can be the lead applicants in grant funding submissions to State and Federal Governments and peak state sporting associations for infrastructure upgrades to Council grounds. Council staff will prepare the grant submission. Sporting Clubs will be required to assist in the provision of information to satisfy the grant funding application requirements.

Sporting club may not apply for grants without informing Council.

### **5.10 New / upgraded Sporting Grounds**

Council may take possession of new sporting grounds. Council may also upgrade sporting grounds such that the hours of use for those grounds is substantially increased e.g. through new floodlighting or an all-weather (synthetic) surface.

As outlined above, the allocation of sporting grounds will recognise the historical usage of the grounds. This historical usage does not extend to the new additional hours of use.

An Expression of Interest will be advertised across all Council communication channels to local sporting organisations. The criteria for allocation of the new or upgraded sporting grounds will be outlined with the criteria.

### **5.11 Damages and Breaches**

Any hirer using a sporting ground or facility which is in breach of the Conditions of Hire outlined in Annexure 1 – Conditions of Seasonal Hire may be subject to the following penalty:

- Decreased allocations
- Exclusion from future allocations
- \$500 - \$5000 (to be determined by Council staff) fine and cost recovery for redressing damage caused

Council may charge bonds to clubs that continually breach the policy

### **Notification of breaches and penalties**

Where it is alleged that a hirer has breached the Allocation conditions, the following will be undertaken:

- On the first alleged breach, Council staff will investigate the breach and make an assessment. If upheld, the hirer will be notified in writing of the breach and given a written warning.
- On the second alleged breach, Council staff will investigate the breach and make an assessment. If upheld, the hirer will be provided with the breach assessment and any monetary penalty and impact on current or future allocations.

### **Future Allocations**

Council will exclude an applicant from future allocations for the following:

- If the applicant has an outstanding debt with Council, OR
- If the damage caused by the applicant impacts on the start of the season for the subsequent sporting ground hirer, OR
- If the applicant was issued a fine for breaches to the conditions of hire.

At its absolute discretion, Council staff can determine how long the exclusion will apply.

Council may consider excluding an applicant from future allocations if the applicant has been issued a written warning in the preceding season.

### **Cost Recovery for Damage Caused**

All damage to Council property, either deliberate or accidental should be reported to Council as soon as possible, outlining full details of the incident.

After the season, excepting usual seasonal wear and tear, the sporting ground and facilities are to be returned to the same condition as they were prior to the season. If the hirer does not hand back the site in the same condition, Council will clean and repair the sporting ground and facilities to the standard required by Council at the hirer's cost.

During the season, Council will on-charge any additional costs incurred by Council to the hirer including:

- The cost of monitoring activities for compliance with conditions of consent; and
- The cost to clean up waste from a park, sporting grounds or facilities; and
- The cost to repair unreasonable damage after use; and
- Use of canteens and kiosks.

An after-hours callout fee applies where council is required to attend the park to assist the hirer with matters such as access. Fees will be on a cost recovery basis. A minimum of 4 hours of staff overtime will be payable.

### **Maximise Use of the Sporting Grounds**

Council has an objective to promote participation in active sport, physical activity and social connectedness. Therefore, within the constraints imposed by Plans of

Management and acceptable wear and tear on the grounds, Council wishes to maximise use of the Sporting Grounds.

There are limited number of sporting grounds and hours they can be accessed and a very high demand for access. Any increase in an applicant's participation numbers cannot be matched by increased allocations. Council expects hirers to maximise the use of the allocations they receive to best manage their player and team numbers.

Applicants cannot book grounds to reduce access to other hirers, nor can they underutilise their allocation. Where it is alleged, a seasonal hirer has booked a ground and is not utilising their weekly allocation, in part or full, staff will investigate. At its absolute discretion, Council staff may cancel or reduce the hirer's allocations for the season. Further, Council may consider excluding an applicant from future season allocations.

## 6. Appeals

To be eligible to appeal applicants must have no outstanding debt with council and have a majority of their registered participants reside within the Inner West Council LGA.

The appeal process applies after draft allocations have been issued and an applicant's requested changes cannot be accommodated due to competing requests.

Applicants will be notified in writing and advised they can submit an appeal using the Appeals Application Form. Applicants will have seven (7) days to submit after the draft allocations are received.

Traditional winter sporting groups wishing to utilise sporting grounds in the summer sporting season (and vice versa) are not permitted to appeal.

Council staff will assess the submissions against the weighted selection criteria (outlined in 5.5). The applicant with the highest score will receive greater preference for their request and Council staff will determine and release final allocations.

Should an applicant be unsatisfied with the final allocation a final appeal process can be requested. The process requires that:

- Applicants will have seven (7) days to submit an appeal after the draft allocations are received.
- The appeal will be reviewed by an Allocations Review Committee.
- There will be three members of the Allocations Review Committee – a representative of the Parks Planning and engagement team, the Director of Planning (or equivalent) and external representative from an SSO, Sports NSW or equivalent.
- The Committee must receive the applicants original EOI Application Form and the Appeal that addresses the selection criteria.

**The Committee's Terms of Reference will be to determine:**

- was the Sporting Ground Allocation Policy applied
- was the allocation process followed
- the results of the weighted criteria assessment
- the final the seasonal allocations.

**The Allocations Review Committee will respond to the applicant/s with the following:**

In the event of inclement weather conditions, Council operations staff will inspect each ground and determine its suitability for use.

Council will close grounds during inclement weather on weekdays to prevent playing surface deterioration, in preference to match play on weekends.

Council will assess and notify users of sporting ground closures through the following means:

- Council website (<https://www.innerwest.nsw.gov.au/explore/parks-sport-and-recreation/sporting-ground-status>)
- X (formally twitter): @IWCsportgrounds
